Practicing Sectioning of the paper using Latex

November 4, 2021

Abstract - This will contain the cutomary Abstract part of the research paper or the introduction or your intention of submitting the resume (like - Why I applied for it ?. This was basically the Bold font in the curly braces and the line
change is like this Hello - this curly braces start the the first letter of first word in it with capital letter.

1 Introduction

This is the sectioning of the main introduction part. A little detail of the paper is given here.

1.1 Prior Works

This section will contain sections like the prior work of the research paper.

The conclusion or the final line in the Bold font.
